

Brewery Creek News is designed to keep all community members and staff up to date on the progress at Brewery Creek and in Dawson City. Thanks for reading!

Our goal is to provide preferential hiring for all positions for Tr'ondëk Hwëch'in citizens and Dawson City residents.

In 2011 and early 2012, Chief Isaac and Golden Predator formed a staffing agreement to source catering, custodial, security, geology technicians and maintenance workers directly from Dawson. As of April 2012, Brewery Creek employs twenty nine full-time employees, thirteen of which are through Chief Isaac and an additional eight Golden Predator staff call Dawson City home. We anticipate hiring many more positions through Chief Isaac and Golden Predator as our operation grows, including office administration, health and safety and equipment operators to name just a few.

Golden Predator Corp. sponsored the **Dawson City Timberwolves** and provided jerseys for the 2012 Native Hockey Tournament that took place in Whitehorse, Yukon.

The Timberwolves did a great job and finished in 3rd place! Good job team!
