

## The Brewery Buzz

November 2018

Brewery Creek Camp

### Moosehide Gathering 2018

We had a great time at the Gathering this year, made a lot of sandwiches for volunteers and spent some time catching up with old friends. Thanks to the organizers and the volunteers for a job well done.

**Proud Sponsor**

### Working Together

We were busy again this summer at Brewery Creek with our exploration and metallurgical drilling. The exploration drilling had great results, the metallurgical drilling results will take a few more months. The met drilling was conducted as we are always looking for ways to be innovative and consider new technologies that are more economical and environmentally friendly. Our drilling plus Moosehide and our Fall Open House kept us busy in Dawson. But we can't forget to welcome our new additions this year – our Brewery Creek bees.....while working to reopen Brewery Creek Mine is our goal, we never miss a chance to consider the bigger picture.

### Brewery Bees

Our new residents are hibernating for the year with a good supply of honey to keep them fed and a blanket wrap to keep them warm.....

*...just a little more to the left.....*

We love working with Fred Taylor so much that when we wrapped up at Brewery Creek this year he went to work at our 3 Aces in southeast Yukon. Fred is seen here with Executive Chairman William Sheriff. The exploration and mining industry provides jobs with transferable skills.

### Fast Facts

- 1996 – 2002** – Viceroy operated the mine, 60% of all employees lived in the Yukon
- 2011** - Golden Predator spent **\$16,326,748.24** at local Yukon Vendors
- 2018** – **50%** of site staff are Yukon First Nation citizens
