### **Golden Predator Mining Corp.**

Golden Predator’s corporate mandate is to advance the Brewery Creek project towards production through a joint venture arrangement. The Brewery Creek mine operated from 1996 to 2002, before closing due to low gold prices. Mining licenses and permits are in place for continued exploration along with a Socio Economic Accord with the Tr’ondek Hwech’in. The Company holds additional projects with current resources and/or new discovery potential, including the high-grade 3 Aces and Grew Creek gold projects and the Marg and Clear Lake polymetallic massive sulfide deposits.

**Cautionary Note Regarding the PEA:** *The PEA is preliminary in nature and includes inferred mineral resources that are considered too speculative geologically to have the economic considerations applied to them that would enable them to be categorized as mineral reserves. Furthermore, there is certainty that the preliminary economic assessment will be realized. Mineral resources that are not mineral reserves have not demonstrated economic viability. Readers are encouraged to download and read the technical report for full details.*
