#### **Golden Predator Mining Corp.**

With a growing resource at the past-producing Brewery Creek project and an exciting high-grade gold exploration project advancing at its 3 Aces project, Golden Predator boasts good infrastructure, large land positions, strong community support and excellent growth prospects. At Brewery Creek exploration drilling continues to expand resources while optimization studies are progressing to enhance the already positive project economics. We continue to expand on discoveries of native gold in quartz veins at the 3 Aces project, while bulk sampling and processing at our 50 tpd Company-owned processing plant has demonstrated gold recoveries of over 85% using a chemical-free process.
